

The Shallowford FWB Master's Men group known as M.A.C.H. {like 'mach' speed} which stands for "Men After Christ's Heart" had a Saturday Breakfast-n-Bullets day November 17. We went to the beautiful Barnsley Garden Grounds in Adairsville, GA to an excellent shooting range. The skeet shooting was phenomenal. While only a partial group was able to go it afforded men who love our Lord Jesus Christ the opportunity to also fellowship around something that we could do outdoors. What a joy it was! One of our instructors for the morning was the son of Wycliff Bible translators who served in Mexico just west of Tampico for years. "We wonder who could have worked that out!!!! You know, since our group was down there in April of 2007." Our God is more than awesome and our men love 'To Tell The Story.'
